## **April 9, 2016 Meeting**

### **Annual Repotting Class (& Mounting Class)!**

Every year in the early spring we gather to talk about everyone's least favorite thing to do, repotting orchids. Repotting is time consuming, and some even say unnecessary. Join us in April as we talk repotting and mounting with some of our veteran growers. Bring your questions about orchid potting and mounting, which mix to use, how to choose the right pot and anything else you can think of. Everyone will be leaving with at least one new plant baby. This year we will be repotting and mounting compots from Roy Tokunaga at H&R Nurseries.

## March of Orchids, TOS Show & Sale

Thank you to all of our volunteers who helped to make our show a huge success this year. We had 226 attendees, a record for our society shows. After expenditures we earned nearly \$900. Whether you allowed us to use your plants, volunteered for the setup, break down or during the show or came out to show your support we could not have done this without your help. Thank you again!

## Asheville Orchid Festival

March 25th and 26th will be the last show dates on our calendar until the autumn. Our society will be participating in this show for the first time in some years. We will be putting up a 6 foot table top exhibit. If you have a plant that you want to submit for the exhibit specifically for AOS Judging or if you have a plant that is small enough to be displayed in a table-top exhibit, please let myself ([wlbottoms@gmail.com](mailto:wlbottoms@gmail.com)) or Chad ([jchadgreene@gmail.com](mailto:jchadgreene@gmail.com)) know and we can arrange pick up with you. We are also looking for donations of green plants for the display.

The Asheville Orchid Festival is open from 9AM to 5PM on both Saturday, March 25th and Sunday, March 26th. The show will be held at the North Carolina Arboretum (normal parking fees apply) and admission is \$5 per person (children under 12 are free).
